

MASTER OF SCIENCE IN MATHEMATICS

Web Site: <https://twu.edu/mathematics/graduate-programs/>

The Master of Science in Mathematics prepares the student to enter the workforce to teach at the community college level or to pursue doctoral degree programs in mathematics, statistics, applied mathematics, or related fields. The program of study also provides the student with an opportunity to include computer science and statistics in the degree plan.

Students can complete the program by taking evening or online courses in the fall and spring. Variable-length courses are available in an online format each summer.
