

MASTER OF SCIENCE IN NUTRITION (GRADUATE PROGRAM IN NUTRITION AND DIETETICS)

Web Site: <https://twu.edu/nutrition-food-sciences/graduate-programs/ms-in-nutrition/>

This M.S. in Nutrition-Graduate Program in Nutrition and Dietetics (GPND) is tailored specifically to those students enrolled in the Accreditation Council for Education in Nutrition and Dietetics (ACEND) accredited TWU Houston GPND. Students completing the Thesis option will be required to complete original research alongside a faculty advisor. Students completing the Coursework option are required to complete Capstone Seminar. Students who successfully complete both the M.S. in Nutrition (GPND) qualify to take the national registration examination for Registered Dietitian Nutritionists (RDNs).

Marketable Skills

Marketable skills prepare students for success in a variety of professional settings. Developed through academic coursework, co-curricular engagement, and extracurricular involvement, these skills include communication, critical thinking, teamwork, ethical reasoning, adaptability, and digital literacy. Whether directly related to a student's major or serving as complementary strengths, marketable skills enhance career readiness and reflect TWU's commitment to producing graduates who are prepared to thrive in today's dynamic workforce.

1. Apply nutrition knowledge to optimize specific health benefits.
2. Appropriately interpret nutrition research to support evidence-based practice.
3. Communicate nutrition information in written and verbal form for both professional and general audiences.
4. Effectively contribute to a healthcare team.

Admissions

All students must meet the University requirements as outlined in the Admission to the TWU Graduate School (<https://catalog.twu.edu/graduate/graduate-school/admission-graduate-school/>) section of the catalog.

The academic program may have additional admission criteria that must also be completed as outlined on the program's website.
