

# POST-MASTER'S CERTIFICATE IN ACADEMIC LIBRARIANSHIP

**Web Site:** <https://twu.edu/slis/programs-admission-requirements/>

The Post-Master's Certificate in Academic Librarianship program prepares professionals for careers as librarians and information specialists in higher education institutions, such as universities, colleges, community colleges, and research-focused organizations. Students receive specialized training that equips them with the necessary knowledge and skills to support teaching, learning, and research and to serve a variety of academic communities. The Post-Master's Certificate in Academic Librarianship program is available entirely online.

## Marketable Skills

Marketable skills prepare students for success in a variety of professional settings. Developed through academic coursework, co-curricular engagement, and extracurricular involvement, these skills include communication, critical thinking, teamwork, ethical reasoning, adaptability, and digital literacy. Whether directly related to a student's major or serving as complementary strengths, marketable skills enhance career readiness and reflect TWU's commitment to producing graduates who are prepared to thrive in today's dynamic workforce.

1. Support teaching, learning, and research in higher education institutions
2. Facilitate the access and use of information in higher education institutions
3. Communicate and collaborate with students, faculty, staff, and various stakeholders in the academic community

## Admissions

All students must meet the University requirements as outlined in the Admission to the TWU Graduate School (<https://catalog.twu.edu/graduate/graduate-school/admission-graduate-school/>) section of the catalog.

The academic program may have additional admission criteria that must also be completed as outlined on the program's website.

## Certificate Requirements

### Prerequisites

Students who do not hold a master's degree in library and/or information science must complete 9 semester credit hours of foundational library science courses before beginning the certificate.
