## Marketable Skills

Marketable skills prepare students for success in a variety of professional settings. Developed through academic coursework, co-curricular engagement, and extracurricular involvement, these skills include communication, critical thinking, teamwork, ethical reasoning, adaptability, and digital literacy. Whether directly related to a student's major or serving as complementary strengths, marketable skills enhance career readiness and reflect TWU's commitment to producing graduates who are prepared to thrive in today's dynamic workforce.

1. Utilize critical thinking skills to apply evidence-based dental hygiene implementation measures and evaluate patient outcomes utilizing professional values and ethical principles.
2. Evaluate and analyze scientific literature as a basis for evidence-based practice.
3. Apply leadership skills for professional growth in clinical and alternative practice settings.
